

Bea's Bees

Discussion Questions

What are some of Bea's important qualities?

Why does Bea love the bees in the park?

Can you name other adults who Bea could turn to for help?

Beatrix finds out that bees are a type of pollinator. What does this mean? Do you know of any other pollinators?

Bea finds out bumblebees are needed to pollinate blueberries, raspberries, pumpkins, apples, almonds, and avocados. Which of these foods would you miss most and why?

What can you do in your own community to help bees?
